DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Zacharias (4,939,989).

Zacharias discloses an apparatus for baling a standing tree comprising a first frame (18) defining a central area (30) to receive a trunk portion of a tree (fig. 2) a second frame (56) mounted for rotation around the central area, at least one string dispenser (76), a motor and an elevatable support (14,16) attached to the apparatus for raising the apparatus upwards on the tree.
